Date	Description	Amount (s)	Balance (s)
22 Oct	Payroll credit: Kepler Ring Hydroponics	+133,886	22,024,455
	The clerk at Ganymede wrote the Kepler Ring Hydroponics sum on the slip in pencil and underlined it twice. The figure is correct; the underlining is the clerk's own idea, and the Bank has left it alone. Ref. CIBT-3029-A02D-7		
23 Oct	Slippage fee (Ganymede, 1 transfers)	-900	22,023,555
	Auditors' sample: 1 crossings were checked by hand against the relay's journal. The journal is in longhand for the first 13 entries and in a different hand altogether after that, and the auditors have asked that both be kept. Ref. CIBT-3029-904F-3		
29 Oct	Deposit: Canal Street	+388,744	22,412,299
	The Ganymede desk sends deposits in a tube of its own design, which the window opens before two officers and a relay operator. The sum arrives in cycles, is converted at the posted rate and credited, and the tube is the only part of the transaction anybody admires. Ref. CIBT-3029-92BA-4		
31 Oct	Interest at 4.70% APY	+85,738	22,498,037
	Auditors' query: the interest for 1489-5515-4643 was credited for one period to a depositor in Ganymede, because of a transposed digit in the account number. The depositor has returned it with the interest that had accrued while they held it, and the auditors have asked the Bank to call this a loan. Ref. CIBT-3029-10CA-5

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
