Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
381,974,542 s	**+3,685,828 s**	**-26,815,017 s**	**358,845,353 s**

Date	Description	Amount (s)	Balance (s)
01 Apr	Payroll credit: Belt Ore Consolidated	+2,157,930	384,132,472
	Belt Ore Consolidated has changed its remitting office, and the wage now comes through Venus rather than the old relay. The rate and the amount are unchanged, but the statement carries a new reference, which you should keep. Ref. CIBT-3003-68AD-1		
02 Apr	ATM withdrawal: Venus	-259,200	383,873,272
	A withdrawal from a joint account was shown against the wrong holder. The machine recorded your name, as it should, and the statement now shows Hollis Nakashima as the other holder of the 3 Standard days taken for both. Ref. CIBT-3003-8DFF-2		
10 Apr	Memory Vault: box 14-312, quarter	-259,200	383,614,072
	Box 14-312 has been rented every quarter since 3002, and the rental has never once been paid late. The custodian has asked whether you would like the anniversary marked on the statement, and you have declined, twice. Ref. CIBT-3003-18F5-6		
10 Apr	Transfer to own account: Venus	-26,280,985	357,333,087
	A sundry raised on the last day of the quarter is rounded to the quarter's figure, not the day's. The difference of 0.940 has been held for the first sundry of the next quarter, which has not yet arrived. Ref. CIBT-3003-0FE3-6		
14 Apr	Temporal Health Plan	-15,632	357,317,455
	The claim from the Mars clinic was held 28 days while the plan waited for the local sol to be counted. A Mars day is not a day in our books until the clinic says so, and the clinic has been slow to say. Ref. CIBT-3003-7D42-3		
30 Apr	Interest at 4.80% APY	+1,527,898	358,845,353
	The branch has no record of who first asked for interest to be calculated in seconds rather than days. The teller says it was a customer, and that the customer has since been paid. Ref. CIBT-3003-F6A3-8		

Closing balance, month by month

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
