Date	Description	Amount (s)	Balance (s)
01 May	Transfer to joint account	-4,085,305	1,126,959,257
	The joint account at Mars Station earns its interest in sols and converts it at the posted rate on the day it is paid, so the holders' figure reads a second higher in some months. Neither holder has complained, and the Bank has not offered to lower it. Ref. CIBT-3003-E9F0-2		
03 May	Transfer to own account: Mars Station	-39,410,476	1,087,548,781
	You ask for a receipt for every small sum you pay, including the sum you pay for the receipt. The counter has begun to write the second receipt on the back of the first, and the sundry is charged once for the pair. Ref. CIBT-3003-3504-2		
04 May	Mech Veterans' Time Pension	+2,389,961	1,089,938,742
	Your upgrade allowance was held 29 days while the fitter who had measured your limb was posted to another world, and the measurements followed him by the slower route. The fitting itself was never in question. Only the paperwork was slow. Ref. CIBT-3003-D218-1		
16 May	ATM withdrawal: Mars Station	-259,200	1,089,679,542
	Each withdrawal you make at Mars Station is followed, within the minute, by a second and much smaller one, which you do not collect. The machine has never been asked to explain it, and the Bank does not ask customers to justify what they leave in the slot. Ref. CIBT-3003-67F9-4		
16 May	ATM withdrawal: Mars Station	-172,800	1,089,506,742
	Withdrawn in full before the bonus was paid. The bonus from the Europa Ice Authority, posted on the 16th, appears on the next statement, and the Bank has made no comment on its size. Ref. CIBT-3003-B8D9-5		
31 May	Interest at 3.40% APY	+3,204,626	1,092,711,368
	You bring the interest in person each month and ask whether it is still accruing. The Bank has confirmed each time that it is, and the officer says it has never once stopped. Ref. CIBT-3003-71FF-2
