Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
82,152,934 s	**+328,611 s**	**-6,990,413 s**	**75,491,132 s**

Date	Description	Amount (s)	Balance (s)
05 Jan	ATM withdrawal: Oakland Sector	-259,200	81,893,734
	You fold the receipt once, lengthways, before it has finished printing. The custodian has found three slips folded the same way in the machine's tray and has kept them together for the file. Ref. CIBT-3025-1AF9-3		
05 Jan	ATM withdrawal: Oakland Sector	-86,400	81,807,334
	A small withdrawal of 86,400 is made at Oakland Sector each Standard week to cover a subscription you have not asked to cancel. The machine delivers it without comment, and the subscription does not appear to mind. Ref. CIBT-3025-2F2B-8		
25 Jan	Slippage fee (Oakland Sector, 6 transfers)	-1,800	81,805,534
	Crossings between Hall E and Oakland Sector wait while the relay has the other end acknowledge them, by a method nobody on this side has been able to watch. Your 6 crossings were acknowledged 28 days late, and the fee has been reduced for the wait. Ref. CIBT-3025-6F74-3		
27 Jan	Transfer to own account: Oakland Sector	-6,383,813	75,421,721
	Sent from Oakland Sector in days and carried on the local shuttle in a sealed case. The case was opened at Hall E with you present and its contents counted once, which is the custom for cases of this kind. Ref. CIBT-3025-C51A-6		
29 Jan	Memory Vault: box 46-480, quarter	-259,200	75,162,521
	Your payment for box 46-480 was posted on the 29th and carried to the Vault's ledger 29 days later, when the sub-level's books were reconciled against the boxes it holds. The Vault's books run one sub-level behind its boxes, and the payment was correct when it was made. Ref. CIBT-3025-2653-0		
31 Jan	Interest at 4.80% APY	+328,611	75,491,132
	Interest was worked out on the counter's abacus and then, at the customer's request, again on the terminal. The two came out a second apart, and the Bank has used the terminal's figure out of deference to the abacus. Ref. CIBT-3025-4C3E-1		

Closing balance, month by month

Highest 96,440,983 s · lowest 75,491,132 s

February 3024 — January 3025

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
