Date	Description	Amount (s)	Balance (s)
11 Jun	Deposit: Hall E	+9,406,238	540,212,618
	Coins of mixed origin attract a handling charge. These were all of one origin, and the Teller has entered the waiver in the file under "unusually tidy", the only entry under that heading. Ref. CIBT-3003-E47A-9		
20 Jun	Transfer to joint account	-2,085,742	538,126,876
	Mara Bellweather rounds every figure up to the next whole second when saying it aloud, and rounds it back down when writing it, so the sum is always spoken one way and entered another. The two versions have been compared, and they agree. Ref. CIBT-3003-6B30-7		
22 Jun	Temporal Health Plan	-29,100	538,097,776
	The officer who processed this claim notes that the physiotherapist's notes were legible, which the plan does not often receive, and that the handwriting was not the only thing about them that was unhurried. Ref. CIBT-3003-D260-8		
27 Jun	Slippage fee (Montréal Sector, 3 transfers)	-1,800	538,095,976
	The Bank rounds to the whole second while the holder is watching and to the whole minute once the holder has turned away. You turned away at the Hall E window before the fee was read out, so the figure is rounded to the minute, which comes to 600 seconds less than it would otherwise have been. Ref. CIBT-3003-2BC8-7		
30 Jun	Interest at 3.20% APY	+1,415,483	539,511,459
	You keep a figure in pencil on the back of each slip and check the interest against it before the statement is opened. The two have agreed for 7 years. The officers no longer ask to see the pencil and have begun to ask after the lead. Ref. CIBT-3003-1C63-9
