Opening balance	Credits	Debits	Closing balance
28,307,014 s	**+519,205 s**	**-458,223 s**	**28,367,996 s**

Date	Description	Amount (s)	Balance (s)
01 Feb	Payroll credit: Harbourfront Shipping	+434,284	28,741,298
	Harbourfront Shipping pays its drivers by the run and its clerks by the hour, and you appear in its register as both. The Bank has credited the two sums to one account, which the employer says is the first time it has been asked to be consistent. Ref. CIBT-3003-C926-6		
05 Feb	Transfer to own account: Venus	-87,265	28,654,033
	"It's a sundry," the Teller says, which is as close as the Bank has come to describing it. Ref. CIBT-3003-0317-1		
08 Feb	Temporal Health Plan	-24,458	28,629,575
	Your claim for the physiotherapy session at Venus was held for 28 days because the clinic posted its receipt by a slower route than the one it uses for its own patients. The session itself was never in doubt; only the paperwork describing it was late. Ref. CIBT-3003-03E1-5		
10 Feb	ATM withdrawal: Venus	-172,800	28,456,775
	The reconciliation of Venus's machines for the 10th found 38 withdrawals too many and none too few. Yours was among the 38, and it is entered here so that the auditors can see which one it was. Ref. CIBT-3003-6A36-2		
22 Feb	Slippage fee (Venus, 3 transfers)	-900	28,455,875
	The 3 transfers this month were kept in the sealed tray under the counter for 28 Standard days while the relay's operator went for a replacement part that was not in stock. The operator has returned with it, and the transfers were released in the order they arrived. Ref. CIBT-3003-A4A4-2		
23 Feb	ATM withdrawal: Venus	-172,800	28,283,075
	Your standing withdrawal at Venus is paid on the 23rd of each month into the machine's tray. It has been collected since 2998 in the same two notes. The custodian cleans the tray on the same day, so the notes are never quite new. Ref. CIBT-3003-DAA5-9		
28 Feb	Interest at 3.60% APY	+84,921	28,367,996
	Interest of 10 seconds fell on the wrong side of the period's close and has been placed at the start of the next line, where it belongs. The rest of the figure is correct to the second. Ref. CIBT-3003-B29A-6

March 3002 February 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
