Date	Description	Amount (s)	Balance (s)
21 Apr	Payroll credit: Harbourfront Shipping	+434,284	30,241,171
	The credit from Harbourfront Shipping was rounded to the nearest five seconds rather than the nearest second, because its payroll office has always paid in fives and has never seen a reason to stop. The difference of 61 seconds is shown on the line below. Ref. CIBT-3003-2F6B-8		
22 Apr	Transfer to own account: Titan	-348,706	29,892,465
	The second signature on the mandate was taken in pencil, which is not a signature, and had to be made again in ink. The officer, Odile Eskeland-Pemberton, did not bill the redoing; the Bank does not charge a holder for correcting its form. Ref. CIBT-3003-2B3B-1		
24 Apr	Slippage fee (Titan, 4 transfers)	-3,600	29,888,865
	The fee on this period was assessed late, because the relay that carried your last transfer was re-timed after the statement had been printed. The statement has been reprinted with the correct time, which is a few seconds later than the first. Ref. CIBT-3003-03F8-3		
29 Apr	Temporal Health Plan	-20,697	29,868,168
	The first claim was dated the 29th, but the consultation took place on the 29th of the previous month, the provider keeping its calendar in a different order. The date has been corrected on the claim; the provider's calendar has been left alone, as it is not the plan's to change. Ref. CIBT-3003-D165-2		
30 Apr	Interest at 3.60% APY	+89,420	29,957,588
	Interest for the quarter was rounded to the nearest five seconds, as the Bank's arithmetic has been since 2999, and the difference of 0.959 is shown on the line below. No one has asked the Bank to justify the fives, and the Bank would find it awkward to try. Ref. CIBT-3003-7C91-6

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
