Date	Description	Amount (s)	Balance (s)
10 May	Payroll credit: the Lagrange Four Commissary	+340,372	7,872,746
	The payroll file from the Lagrange Four Commissary was 29 days late, because its author had gone up a mountain on a survey, beyond the reach of every relay, and came back with the file in a pocket. Ref. CIBT-2989-8C60-5		
11 May	ATM withdrawal: São Paulo Sector	-86,400	7,786,346
	A customer asked the Teller on the 11th whether the machine at São Paulo Sector would keep working if the Bank closed. The Teller said it would, and that it had been working for 9 years before the Bank was open to anyone. Ref. CIBT-2989-954F-2		
16 May	Deposit: Hall E	+2,080,866	9,867,212
	The amount on the slip was copied from last month's envelope and has been replaced with the figure on this one. The holder did not notice, which the Bank records as an unfortunate efficiency. Ref. CIBT-2989-5841-0		
24 May	Slippage fee (São Paulo Sector, 5 transfers)	-3,000	9,864,212
	Auditors' query on 5 crossings between Hall E and São Paulo Sector: the fee was reckoned on the two clocks as they stood at each crossing, not as they stand now. The auditors describe this as the only honest way to reckon a clock. Ref. CIBT-2989-842B-4		
31 May	Interest at 3.50% APY	+21,969	9,886,181
	Interest accrued on every day of the month, the quiet days included. It is paid now, with a note that the account was never idle: the interest was working, and it has been paid for the work. Ref. CIBT-2989-7FBF-1
