Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
44,907,553 s	**+2,800,813 s**	**-437,400 s**	**47,270,966 s**

Date	Description	Amount (s)	Balance (s)
01 Aug	ATM withdrawal: Kepler Ring	-172,800	44,734,753
	You draw 2 Standard days on the first working day of the month and leave the notes in the envelope marked for the month after, so that the envelope is always one ahead. The officer asks whether the envelope is still needed, and you say that it is. Ref. CIBT-2990-04EB-7		
08 Aug	Payroll credit: the Lagrange Four Commissary	+340,372	45,075,125
	The Lagrange Four Commissary pays its wages on the 8th and its bonuses on whatever day its board is in good spirits, which the Bank reads from the size of the credit. This month's bonus was 340,372, and the board's spirits are noted on file. Ref. CIBT-2990-3604-7		
10 Aug	Deposit: Hall E	+2,329,461	47,404,586
	Counted by the Teller, who would like it known that she did not have her glasses on. The figure was checked by a second officer, who had hers. Ref. CIBT-2990-46F6-2		
22 Aug	Slippage fee (Kepler Ring, 6 transfers)	-5,400	47,399,186
	The Kepler Ring relay has written to say it will bill your 6 crossings in turns from now on, having found the Standard seconds too tidy. The Bank has agreed, and will bill you accordingly from the next statement. Ref. CIBT-2990-A8A8-4		
29 Aug	ATM withdrawal: Kepler Ring	-259,200	47,139,986
	The machine offered your balance in both units, which it does without being asked. You declined the second, and it has noted your refusal in the same tone it uses for everything. Ref. CIBT-2990-398D-4		
31 Aug	Interest at 3.50% APY	+130,980	47,270,966
	Posted at Venus Cloudport at the rate the local desk chalks up each morning, which moves with the weather. It moved twice this month, and the statement shows both figures, as the Cloudport's officers prefer. Ref. CIBT-2990-91A0-1		

Closing balance, month by month

Highest 47,270,966 s · lowest 14,875,600 s

September 2989 August 2990

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
