Period 1–28 February 2995
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
59,007,835 s	**+3,437,031 s**	**-520,800 s**	**61,924,066 s**

Date	Description	Amount (s)	Balance (s)
05 Feb	Deposit: Hall E	+2,924,553	61,932,388
	The Lagrange-4 window sits on the slow side of a rotating ring, so an envelope left on the counter in the morning is a little heavier by evening, with the ring's dust on the flap. The counter brushes it off before the count, and the dust is not charged. Ref. CIBT-2995-F686-1		
16 Feb	ATM withdrawal: New Orleans Sector	-259,200	61,673,188
	You never take the receipt home. You leave it in the slot, the custodian collects it each morning and files it against your account, where there are now 9 of them, unread by you and in order. Ref. CIBT-2995-029E-1		
19 Feb	Payroll credit: the Lagrange Four Commissary	+340,372	62,013,560
	The Lagrange Four Commissary credit is the same sum as last month, less the instalment on your work uniform, which ends with this payment. The next credit will be the full sum. Ref. CIBT-2995-A683-3		
26 Feb	Slippage fee (New Orleans Sector, 8 transfers)	-2,400	62,011,160
	Your share of the slippage on the Lagrange Four Commissary's remittances was struck from the pay office's copy in pencil, and the Bank has entered it in ink under a heading that the office and the Bank both agree is a heading. The sum is 2,400 s, and both sides have initialled the agreement, though neither has read the other's version. Ref. CIBT-2995-371F-2		
27 Feb	ATM withdrawal: New Orleans Sector	-259,200	61,751,960
	The machine offered 3 Standard days in whole days, and the remaining 0.961 was held as a credit, not refused. It appears on your balance and will be paid with your next withdrawal, if you ask for it. Ref. CIBT-2995-5A41-6		
28 Feb	Interest at 3.50% APY	+172,106	61,924,066
	Audit has checked the monthly figure against the balance curve and finds it correct to the second. Two of the 49 roundings were made the other way, and the auditors accept both as made. Ref. CIBT-2995-47BB-6		

Closing balance, month by month

Highest 61,924,066 s · lowest 41,820,277 s

March 2994 February 2995

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
