Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
64,727,289 s	**+529,159 s**	**-5,548,938 s**	**59,707,510 s**

Date	Description	Amount (s)	Balance (s)
02 Mar	Payroll credit: the Lagrange Four Commissary	+340,372	65,067,661
	Pay for the period ending on the 2nd, from the Lagrange Four Commissary. The relay between Mars Station and Hall E took 54 days over the transfer, because the transfer had been queued behind an audit, and the employer's own dates put it on time. Ref. CIBT-2997-ACD7-4		
18 Mar	Slippage fee (Mars Station, 9 transfers)	-2,700	65,064,961
	The Teller has never once heard the relay apologise for a slow crossing, and has never asked it to. She considers the arrangement suitable to both of them and to neither. Ref. CIBT-2997-1789-6		
25 Mar	Transfer to own account: Mars Station	-5,546,238	59,518,723
	Your employer's coffee account, the Lagrange Four Commissary, was transferred to this statement by mistake and returned to the firm, which returned it to you. The sundry balance of 0.982 has been left where it fell, as the firm and the Bank have agreed neither of them needs to move it. Ref. CIBT-2997-2E64-4		
31 Mar	Interest at 3.50% APY	+188,787	59,707,510
	You were asked whether you would prefer the fee waived or the interest rounded. You said both, and the Teller has done both and written it down in her own hand. Ref. CIBT-2997-3A96-6		

Closing balance, month by month

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
