Opening balance	Credits	Debits	Closing balance
53,275,149 s	**+495,757 s**	**-1,241,139 s**	**52,529,767 s**

Date	Description	Amount (s)	Balance (s)
01 Aug	Payroll credit: the Lagrange Four Commissary	+340,372	53,615,521
	The payroll transfer was held in the pigeonhole marked for late returns while the employer's office confirmed the sum, which it did on the 1st. The credit was posted the same afternoon, and the employer has asked that the confirmation be filed with this statement. Ref. CIBT-2997-42FB-7		
06 Aug	ATM withdrawal: Venus	-172,800	53,442,721
	The balance printed after your withdrawal at Venus was 2 Standard days higher than it should have been. The machine says it was waiting for the 6th to finish. The balance has been corrected on this statement, and the earlier figure is struck through. Ref. CIBT-2997-B2E3-5		
08 Aug	ATM withdrawal: Venus	-172,800	53,269,921
	A withdrawal of this size is usually spent before it is counted, the Teller says, and asks whether that was your intention. Nothing was recorded, so the question stays on the file. Ref. CIBT-2997-0D46-1		
12 Aug	Slippage fee (Venus, 8 transfers)	-2,400	53,267,521
	Where the fee for a run of short crossings is less than a whole second, it is rounded up once for the run and not at all for each crossing in it, so a long run of small transfers is charged as one transfer of ordinary size. Ref. CIBT-2997-482A-2		
21 Aug	Transfer to own account: Venus	-893,139	52,374,382
	The sundry described last month as a refund was in fact a charge, and the reverse is also true. The two entries have been swapped back, and the balance is the one it would have been had they been right the first time. Ref. CIBT-2997-3BF9-3		
31 Aug	Interest at 3.50% APY	+155,385	52,529,767
	Interest is posted on the 31st of every month for the period before it. The posting has never fallen on another day, though several officers have suggested trying one. Ref. CIBT-2997-8DB5-2		

Closing balance, month by month

Highest 69,618,083 s · lowest 52,529,767 s

September 2996 August 2997

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
