Date	Description	Amount (s)	Balance (s)
02 May	Payroll credit: the Lagrange Four Commissary	+340,372	61,525,336
	The advice went into the tray marked for pensions, which is the wrong tray, and was moved to the right one before anyone noticed. No one has been asked to check the move, since it was checked at once. Ref. CIBT-2999-7DF2-4		
25 May	ATM withdrawal: Kepler Ring	-259,200	61,266,136
	The withdrawal was held 31 days because the clerk who signs for the machine's cash was on a shuttle, and the shuttle keeps its own timetable. The cash was paid the morning she landed. Ref. CIBT-2999-FB35-1		
27 May	Deposit: Hall E	+2,939,018	64,205,154
	The second officer initialled the slip before the Teller had finished counting. The Teller has minuted this as an indiscretion, in the same hand as the initials. Ref. CIBT-2999-0E08-2		
31 May	Interest at 3.50% APY	+178,456	64,383,610
	The statement reached you 29 days late, because the interest had been credited before the period it belonged to had been opened. The Bank has put the dates in order, and the figures shown are the ones it carried. The statement was held through the change of shift, which is long on that world while this was done. Ref.
