Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
63,896,409 s	**+526,736 s**	**-2,540,419 s**	**61,882,726 s**

Date	Description	Amount (s)	Balance (s)
02 Jan	ATM withdrawal: Io	-259,200	63,637,209
	A withdrawal of 3 Standard days keyed at Io on the 2nd is dated the following day, since the machine keeps the concourse's day and not the counter's. Nothing is owed on the difference, and the interest runs from the day of the request. Ref. CIBT-3002-EC15-5		
12 Jan	Payroll credit: the Lagrange Four Commissary	+340,372	63,977,581
	The Lagrange Four Commissary pays its staff on Io in cycles and sends the figure here in Standard seconds, converting it at the posted rate as it crosses. That conversion is why this wage is 0.989 of a second larger than the employer's own total. Ref. CIBT-3002-AA19-3		
15 Jan	Slippage fee (Io, 3 transfers)	-900	63,976,681
	The charity that takes 00:15:00 from this account each quarter asks to see its slippage on a line of its own, so that it can tell its donors how little of each gift is lost on the crossing. The line is shown, and the charity has sent back a card of thanks addressed to the relay. Ref. CIBT-3002-F90E-1		
25 Jan	ATM withdrawal: Io	-259,200	63,717,481
	Posting of the Io withdrawal was delayed 29 days, because the relay was restarted for a calendar change. The machine remembers the sum, the Bank remembers it too, and the two have agreed on it. Ref. CIBT-3002-1AEF-0		
29 Jan	Transfer to own account: Io	-2,021,119	61,696,362
	Pending a second signature, the sundry was held 31 days at the wicket under the big clock. The signature came from Zola Thistlewood, who was on leave on another world. Interest for the period has been paid from the first day. Ref. CIBT-3002-E4B3-5		
31 Jan	Interest at 3.50% APY	+186,364	61,882,726
	The Lagrange-4 window pays interest in the ring's own turns: each second is one turn, and the officers count the turns on a board by the door. The total agrees with Head Office, and so, the officers say, does the ring. Ref. CIBT-3002-7817-2		

Closing balance, month by month

February 3001 January 3002

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
