Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
55,860,763 s	**+1,694,241 s**	**-432,000 s**	**57,123,004 s**

Date	Description	Amount (s)	Balance (s)
05 Jul	ATM withdrawal: Callisto	-259,200	55,601,563
	Two withdrawals made in the same minute at Callisto were rounded separately, so each was rounded at a different second. The Bank has added the two back together, and the total is the figure the machine paid out. Ref. CIBT-3029-CFDF-1		
09 Jul	ATM withdrawal: Callisto	-172,800	55,428,763
	The 2 Standard days withdrawal on the 9th waited 28 Standard days at Callisto while the custodian decided whether the machine had been asked for it by someone standing where you were standing. It had been, and the custodian agreed that you were the one who had been standing there. Ref. CIBT-3029-7888-9		
11 Jul	Payroll credit: the Lagrange Four Commissary	+340,372	55,769,135
	Your pay from the Lagrange Four Commissary was credited at the Callisto rate, which a committee on that world sets and which is higher than ours by 0.977 of a cycle. The Bank passes the difference on at no charge, the committee being a customer as well. Ref. CIBT-3029-473C-1		
12 Jul	Deposit: Hall E	+1,190,942	56,960,077
	The Lagrange Four Commissary sent its share in a bundle held with a paperclip the company had meant to replace since 3026. The clip was removed for the count and returned with the receipt, which the company asked to have back. Ref. CIBT-3029-0C44-5		
31 Jul	Interest at 3.50% APY	+162,927	57,123,004
	Interest was held 30 days at Callisto because the local relay kept its own waiting list, and the 3.50% figure had to wait in it behind a shipment of fruit. It was credited on arrival, with the interest backdated to the day it was earned. Ref. CIBT-3029-C38C-7		

Closing balance, month by month

August 3028 July 3029

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
