| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 02 May | Mech Veterans' Time Pension | +426,245 | 88,996,624 |
| | The Pensions Office moved its paying day from the first working day to the third in 2981. Your Bank payment has moved with it while the employer's top-up has not, so the two now arrive on different mornings, and the statement shows both. Ref. CIBT-2985-3205-8 | | |
| 08 May | Temporal Health Plan | -34,064 | 88,962,560 |
| | The reimbursement for 6 sessions was rounded to the whole session, not the minute, so 58 minutes of the last one were paid for and not used. The plan does not propose to take them back. Ref. CIBT-2985-FD41-5 | | |
| 15 May | Transfer to own account: Montréal Sector | -1,222,500 | 87,740,060 |
| | For the auditors: the sundry on this line was agreed with an officer who has since left the Bank, and the agreement is held in the file in her hand. The sum matches the note, and the note matches the file. Ref. CIBT-2985-9597-8 | | |
| 28 May | Payroll credit: Harbourfront Shipping | +1,028,618 | 88,768,678 |
| | A salary credit is shown to five seconds and the difference is held in suspense. Here the difference from Harbourfront Shipping's remittance is 0.30 seconds in your favour, and it will stay in suspense until the rule decides otherwise. Ref. CIBT-2985-2BB3-9 | | |
| 31 May | Interest at 3.50% APY | +258,330 | 89,027,008 |
| | You have asked for the balance to be shown to 49 seconds each month. The Bank does so, and you check the last figure by hand against the rate, which you keep in a column headed "for reference". Ref. CIBT-2985-9064-7 | | |

June 2984 May 2985

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
