Date	Description	Amount (s)	Balance (s)
05 May	Temporal Health Plan	-22,604	111,294,339
	The clinic at London Sector bills in local time, so an appointment on the 5th may appear on the statement a day either side of its true date. The plan reimburses on the day of attendance, which the clinic's receipt gives in both calendars. Ref. CIBT-2987-03ED-4		
28 May	Transfer to own account: London Sector	-6,057,759	105,236,580
	The auditors have asked why a sundry of 21 seconds was raised against an account that closed in 2985. The account had been closed on paper and not yet in the books. The sundry has been carried to the account it was meant for, 8564-9048-6821, and the closure has been entered a second time, to be safe. Ref. CIBT-2987-F314-0		
30 May	Mech Veterans' Time Pension	+425,250	105,661,830
	The pension is rounded to the nearest ten seconds, always on the even side, so that a sum ending in five goes down. The 0.950 that results is carried forward and shown on the line marked brought forward, where it has now been carried for eleven years. Ref. CIBT-2987-1CA9-6		
30 May	Slippage fee (London Sector, 2 transfers)	-1,800	105,660,030
	600 seconds of the fee were saved by sending the 2 crossings together, which the Bank counts as a service to the relay and shows as a credit on the line below. Ref. CIBT-2987-AB02-7		
31 May	Interest at 3.50% APY	+324,674	105,984,704
	The posted rate is reviewed on the 31st and posted on the 31st after, so the interest for those days is paid at the old rate. You have asked each time which rate was the old one, and each time the Teller has had to look it up. Ref. CIBT-2987-17DA-5

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
