Opening balance	Credits	Debits	Closing balance
135,455,548 s	**+1,774,529 s**	**-7,293,689 s**	**129,936,388 s**

Date	Description	Amount (s)	Balance (s)
01 Oct	Temporal Health Plan	-25,813	135,429,735
	An invoice from Mars Station arrives before the appointment it describes, because the clinic bills by the local dawn and the plan pays on sight. The plan has asked whether the appointment might catch up, and the clinic has said it will try. Ref. CIBT-3012-1D38-2		
20 Oct	Payroll credit: Harbourfront Shipping	+1,028,618	136,458,353
	The notice fee that would have followed the Harbourfront Shipping credit has been waived in full. The credit arrived without notice, and there was nothing to be noticed but the money. Ref. CIBT-3012-1BA2-8		
23 Oct	Transfer to own account: Mars Station	-7,267,876	129,190,477
	Sundries that fall on a public holiday are charged at a flat 3 seconds, a figure set in 3009 for reasons the Bank has since mislaid and that nobody who would have known has asked after. Ref. CIBT-3012-B5A4-4		
29 Oct	Mech Veterans' Time Pension	+350,833	129,541,310
	Paid 29 days late from Mars Station, where the local office sends its statements by the same freight as its fuel. The freight had been delayed by a dust front, and the statement has been dated to the day it should have left. Ref. CIBT-3012-F500-7		
31 Oct	Interest at 3.50% APY	+395,078	129,936,388
	Interest on the Lagrange station deposit posted 28 days late, the station's relay having been rotated to face the wrong way for a maintenance check. Nothing was lost in the turning, and the interest has been paid at the rate it earned. Ref. CIBT-3012-5B9A-9

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
