Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
91,905,313 s	**+665,699 s**	**-7,460,801 s**	**85,110,211 s**

Date	Description	Amount (s)	Balance (s)
07 May	Slippage fee (Mars Station, 7 transfers)	-4,200	91,901,113
	The Mars Station relay reckons your transfers in sols, the Head Office converts them at the posted rate, and the fee is then charged once, in seconds. The two readings are not allowed to disagree, and on this statement they do not. Ref. CIBT-3013-033D-7		
19 May	Temporal Health Plan	-43,275	91,857,838
	The session missed in the dust season at Mars Station was rebooked for the same hour on the following sol, so the cover is continuous and the hour is not. The plan has paid for the session, and the clinic has agreed to keep the hour in reserve. Ref. CIBT-3013-40B3-6		
21 May	Transfer to own account: Mars Station	-7,413,326	84,444,512
	You have placed 7,413,326 in the night safe at Hall E on the last working day of each month for some years, and taken a receipt each time. This month the receipt was not collected, and the safe has kept it for you. Ref. CIBT-3013-D3E3-8		
25 May	Mech Veterans' Time Pension	+397,642	84,842,154
	A pension's tenths are rounded in whichever direction the rate sheet was last folded. The sheet was folded upward this month, so the rounding has gone up, and the Pensions Office would like it known that this is the sheet's fault. Ref. CIBT-3013-4699-9		
31 May	Interest at 3.50% APY	+268,057	85,110,211
	The posted rate changed in the middle of the month, and the interest was credited in two halves, one at each rate. The halves have been joined into one line, with each rate written beside its share, so that the sum can be checked by hand. Ref. CIBT-3013-9E94-4

June 3012 May 3013

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
