Date	Description	Amount (s)	Balance (s)
01 May	Turbulence Cover	-21,308	32,070,592
	Audit note: the route's cover has been charged on 4 months of premiums, though the route itself was closed for 50 of them for dry dock. The premiums were correct, the boat being in dock but still insured, as the underwriters point out. Ref. CIBT-2970-528F-9		
16 May	Slippage fee (Mars Station, 3 transfers)	-900	32,069,692
	You ask for each crossing to be confirmed twice, once at the counter and once by post. The second confirmation costs nothing, and the Bank notes that you are the only customer who has asked for it in writing. Ref. CIBT-2970-4341-4		
27 May	Transfer to own account: Mars Station	-1,908,172	30,161,520
	Sundry credit: one hour left in the waiting room at Hall E, handed in to the Lost Property office and returned to your balance on the 27th. The handling charge of 0.30 s was deducted, and the Office notes that you did not ask for the hour back in person. Ref. CIBT-2970-362D-3		
28 May	ATM withdrawal: Mars Station	-86,400	30,075,120
	The notes dispensed at Mars Station came out in the order Harbourfront Shipping paid them in, which the machine honoured without question. The officer checked the serial numbers against the wage slip; they matched, and the slip has been filed under both names. Ref. CIBT-2970-2A97-7		
31 May	Interest at 4.80% APY	+128,367	30,203,487
	The period's interest was calculated on the balance before the 31st deposit, not after it. The difference of 21 seconds has been credited, and the statement now counts the deposit from the day it was made. Ref. CIBT-2970-BEB7-6

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
