Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
26,621,876 s	**+3,759,908 s**	**-458,740 s**	**29,923,044 s**

Date	Description	Amount (s)	Balance (s)
05 Feb	Turbulence Cover	-26,440	26,595,436
	Your standing instruction for the premium was signed in 2993 and has been honoured on the first working day every month since. The underwriters ask you to sign it again each year, and you do, the new signature a little neater than the last. Ref. CIBT-2995-7EFB-7		
06 Feb	Payroll credit: Harbourfront Shipping	+219,762	26,815,198
	A credit from Harbourfront Shipping, carrying the note "for the work done in the cold". The Teller has accepted the credit and asks whether the note is a clause in the contract or a remark from the foreman. She has not been able to find out and has decided to leave it where it is. Ref. CIBT-2995-8EC8-5		
06 Feb	ATM withdrawal: Vancouver Sector	-259,200	26,555,998
	Harbourfront Shipping sent the cash for the Vancouver Sector machine under a seal that the officer on duty opened in front of you. The seal was in good order, and the officer has asked that this be recorded, as the sealing is Harbourfront Shipping's practice and not ours. Ref. CIBT-2995-01C6-5		
15 Feb	Slippage fee (Vancouver Sector, 1 transfers)	-300	26,555,698
	The Callisto relay charges for the Callisto hour, which it keeps by a fountain that stops whenever the cold reaches the basin. The fountain was running on the 15th, and the fee of 300 s was taken while it ran. Ref. CIBT-2995-7E02-9		
16 Feb	ATM withdrawal: Vancouver Sector	-172,800	26,382,898
	The custodian at Vancouver Sector has counted the draws the machine made this year and found one she could not explain. It was yours, and she has since explained it, at some length, to the Teller. Ref. CIBT-2995-7993-7		
27 Feb	Deposit: Hall E	+3,433,659	29,816,557
	You deposit the coins loose in a cloth bag, which the counter weighs before opening it, and the officers now treat the weight as the first figure on the slip. Ref. CIBT-2995-2F93-5		
28 Feb	Interest at 4.80% APY	+106,487	29,923,044
	The rate on the front of this statement was printed correctly and the figure beneath it was not. The figure has been recalculated from the rate; the amount credited is the one you were always owed. Ref. CIBT-2995-35E4-2		

Closing balance, month by month

March 2994 February 2995

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
