Date	Description	Amount (s)	Balance (s)
01 Jul	Deposit: Hall E	+1,623,880	48,540,031
	The firm has asked to be told on each deposit whether it arrived before the holder's own deadline. The Bank has been able to say yes every time since 2999, which the firm has framed in its foyer. Ref. CIBT-3004-4FFF-1		
13 Jul	ATM withdrawal: Svalbard	-259,200	48,280,831
	The statement previously read 259,200 as the sum withdrawn. That was the sum requested. The sum paid was 3 Standard days, and the difference was never taken from your balance, so the figure on this line is the one to keep. Ref. CIBT-3004-AF30-3		
24 Jul	ATM withdrawal: Svalbard	-259,200	48,021,631
	Your weekly draw at Svalbard has been 3 Standard days for 2 weeks running. The machine treats the sum as a payroll of its own and prints it at the top of the receipt, where it can be read. Ref. CIBT-3004-D380-2		
29 Jul	Payroll credit: Harbourfront Shipping	+219,762	48,241,393
	A wage paid in days is converted to whole seconds at the posted rate, and any fraction under one second is shown on the statement as a dash. Yours was a dash, which the statement treats as a complete figure and the rule treats as a question still open. Ref. CIBT-3004-7B41-1		
30 Jul	Slippage fee (Svalbard, 7 transfers)	-2,100	48,239,293
	The officer at Hall E asked the relay for a waiver. The relay agreed on condition that it be recorded as a courtesy to the officer and not to the relay, and it is recorded so. Ref. CIBT-3004-58F3-9		
31 Jul	Interest at 4.80% APY	+187,664	48,426,957
	Your file shows you have asked about the posted rate at Hall E on 9 occasions this year and found it unchanged on each. The Teller has suggested the figure be printed at the top of your statement, to save you the walk. Ref. CIBT-3004-069D-6

August 3003 July 3004

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
