| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 01 Mar | ATM withdrawal: São Paulo Sector | -86,400 | 32,846,499 |
| | Withdrawal of One Standard day on the first working day of the month, as it has been since 3008. The machine knows the figure by heart and no longer asks you to confirm it. Ref. CIBT-3012-51FF-0 | | |
| 14 Mar | Turbulence Cover | -23,415 | 32,823,084 |
| | Turbulence claim settled after 30 Standard days, while the carrier's log and the branch's log were compared. The logs agreed on the length of the delay but not on when it began, and the question has been resolved in your favour. Ref. CIBT-3012-199C-8 | | |
| 15 Mar | Deposit: Hall E | +296,376 | 33,119,460 |
| | Harbourfront Shipping pays your wages in a single envelope at the start of each month, with its slip inside. The Bank has never been asked to explain the sum, and the slip is always more legible than the wages. Ref. CIBT-3012-84BE-1 | | |
| 18 Mar | Slippage fee (São Paulo Sector, 6 transfers) | -3,600 | 33,115,860 |
| | Your Harbourfront Shipping transfers crossed the São Paulo Sector relay 6 times this month, each time on the employer's clock and then on ours. The employer has agreed to pay the slippage on its own clock, and has asked that the Bank not mention this to its staff. Ref. CIBT-3012-7059-1 | | |
| 24 Mar | Payroll credit: Harbourfront Shipping | +219,762 | 33,335,622 |
| | Harbourfront Shipping closed its São Paulo Sector office in 3011 but went on paying you through it. The credits still come from there, and the Bank has been asked to keep that address on file as the remitter, which it has done. Ref. CIBT-3012-E7E6-5 | | |
| 25 Mar | ATM withdrawal: São Paulo Sector | -259,200 | 33,076,422 |
| | You take the withdrawal in the smallest unit the machine offers and then, at the glass, count it again against the receipt. The custodian has agreed the total every time, and has begun to ask only whether you have had a good day. Ref. CIBT-3012-B98E-6 | | |
| 31 Mar | Interest at 4.80% APY | +131,731 | 33,208,153 |
| | The auditors took this line at random from the quarter's run and rebuilt it from the posted rate, the balance and the days in the period. They reached the same figure, and have asked that it be filed in a different coloured ink, so that it stands out from the rest of the run. Ref. CIBT-3012-1447-6 | | |

### Closing balance, month by month

Highest 51,355,091 s · lowest 32,552,736 s

April 3011 — March 3012

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
