Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
26,875,205 s	**+3,284,001 s**	**-464,651 s**	**29,694,555 s**

Date	Description	Amount (s)	Balance (s)
03 Jun	ATM withdrawal: Montréal Sector	-172,800	26,702,405
	The machine at Montréal Sector keeps the local day, so the withdrawal shown on the 3rd was made on that world's 3rd, which runs a day ahead of this statement. Both dates are printed on the receipt, and both are correct. Ref. CIBT-3014-E842-7		
08 Jun	ATM withdrawal: Montréal Sector	-259,200	26,443,205
	The withdrawal was rounded to the nearest five seconds at the machine and to the nearest second at the branch. The Bank has credited the 300 seconds between the two to your account without comment. Ref. CIBT-3014-23B0-5		
22 Jun	Turbulence Cover	-26,351	26,416,854
	A carrier on the Montréal Sector line runs its boats to the local calendar, which has a day of a different length. A claim filed on a boat's day off is therefore filed on ours, and the boat has not been asked to explain. Ref. CIBT-3014-D52C-8		
26 Jun	Payroll credit: Harbourfront Shipping	+219,762	26,636,616
	The credit from Harbourfront Shipping arrived on the 26th. The employer's record shows it sent on the 26th of the following month. The Bank has filed it under the earlier date, and the employer has asked for no explanation. Ref. CIBT-3014-1748-2		
27 Jun	Deposit: Hall E	+2,956,739	29,593,355
	You bring your deposit on the day your pay arrives, and the counter has begun to count it before you reach the window. The officers have stopped asking whether you would like the count explained. Ref. CIBT-3014-C5AB-1		
29 Jun	Slippage fee (Montréal Sector, 7 transfers)	-6,300	29,587,055
	Asked whether the crossings should be paid in advance or in arrears, you said arrears. The Teller said that suited the relay, which pays in advance and always has. Ref. CIBT-3014-6CD0-7		
30 Jun	Interest at 4.80% APY	+107,500	29,694,555
	You have asked for the interest to be checked by hand on the first of each period, against a card you keep in your own hand. The Bank does so, and the result has never differed from the machine's. The officer now writes the figure in the margin before being asked. Ref. CIBT-3014-332F-2		

Closing balance, month by month

July 3013 June 3014

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
