| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 02 Aug | Slippage fee (Svalbard, 6 transfers) | -1,800 | 43,312,406 |
| | Ganymede Heights Infirmary moved its remittance window to the far end of its building in 2991, which the relay reckons 40 seconds further from the Head Office. The extra seconds are on this line, and the firm's reply, that the building did not move, is filed beside the Bank's. Ref. CIBT-2991-24C4-4 | | |
| 07 Aug | Transfer to joint account | -602,807 | 42,709,599 |
| | The joint account is kept by two branches on two worlds. Hall E runs the balance in its local day and Svalbard runs the other half in its own. Both figures are printed to the same second, the only point on which the two offices have agreed this year. Ref. CIBT-2991-835C-0 | | |
| 07 Aug | Deposit: Hall E | +4,855,149 | 47,564,748 |
| | You bring your savings in coin each month and count them out in stacks of ten, which the window has come to regard as the true statement of your savings. The statement has never once disagreed with the piles. Ref. CIBT-2991-9086-8 | | |
| 16 Aug | Temporal Health Plan | -21,896 | 47,542,852 |
| | Your cover renews each year on the 16th, and the renewal is entered on the statement before the premium is taken, so you can read what you are paying for before you pay it. Ref. CIBT-2991-923A-6 | | |
| 18 Aug | ATM withdrawal: Svalbard | -259,200 | 47,283,652 |
| | 3 Standard days withdrawn at the Automated Temporal Machine at Svalbard, dispensed as days. The machine dispensed 0.950 day and printed a receipt for 1.000; it reported the shortfall itself, and the difference will be returned in the next cycle unless you tell us otherwise. Ref. CIBT-2991-CB48-4 | | |
| 25 Aug | Payroll credit: Ganymede Heights Infirmary | +1,004,678 | 48,288,330 |
| | Pay from Ganymede Heights Infirmary is rounded to the nearest whole day in the morning and to the nearest second in the afternoon. The payroll office says this is historical and the Bank says it is arithmetic; today was the afternoon. Ref. CIBT-2991-7124-9 | | |
| 31 Aug | Interest at 3.40% APY | +122,723 | 48,411,053 |
| | The interest is the sum of 9 rounded seconds rather than a single rounded figure for the whole period, and the two differ by 35 seconds. The Bank has chosen the sum, since it is the one a depositor can check with a watch. Ref. CIBT-2991-E6AD-9 | | |

### Closing balance, month by month

Highest 48,411,053 s · lowest 6,414,786 s

January 2991 August 2991

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
