Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
141,578,979 s	**+8,001,010 s**	**-977,739 s**	**148,602,250 s**

Date	Description	Amount (s)	Balance (s)
04 Dec	Payroll credit: Ganymede Heights Infirmary	+1,004,678	142,583,657
	The wage was rounded to the nearest whole second on the employee's own written instruction, which gave the reason as "it looks neater". The instruction is on file. It is the only one of its kind the auditors have seen. Ref. CIBT-2995-C392-2		
05 Dec	Temporal Health Plan	-29,332	142,554,325
	A reimbursement landed on the wrong dentist's books, because a physiotherapist on Mars Station shares a surname with him. The two have been separated, the dentist has been paid nothing, and he has not yet complained, which the plan takes as a sign he has not noticed. Ref. CIBT-2995-C75C-9		
19 Dec	ATM withdrawal: Mars Station	-172,800	142,381,525
	An earlier statement placed your withdrawal at Mars Station at the Hall E counter. It was not. The entry has been moved to the machine, where it was made, and the Bank has written to say so. Ref. CIBT-2995-2F2E-6		
21 Dec	Deposit: Hall E	+6,595,192	148,976,717
	Since 2991 you have deposited the same sum to the second on the same afternoon each month, and withdrawn the interest the morning after it posts. The reason was never written down, and the officers have stopped asking for it. Ref. CIBT-2995-E862-6		
26 Dec	Transfer to joint account	-602,807	148,373,910
	Your half of the transfer was sent from Mars Station, where the relay had been asked to wait until both holders had met. They met on the 26th, and the transfer went through that afternoon. Ref. CIBT-2995-A51E-3		
28 Dec	ATM withdrawal: Mars Station	-172,800	148,201,110
	The machine at Mars Station stands out of doors under a glass hood and pays only when the light is above the ridge. Your withdrawal was made 28 Standard days after the request, on the first morning the ridge allowed it. Ref. CIBT-2995-A27E-6		
31 Dec	Interest at 3.40% APY	+401,140	148,602,250
	A fee of 0.30 s on the late posting of the interest has been waived. The delay was not the depositor's, and the Bank has been reminded that it does not charge for its own slowness, however long that takes. Ref. CIBT-2995-5B0C-1		

Closing balance, month by month

January 2995 — December 2995

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
