Oren Dunmore
Unit 292, Pallas Ring 10

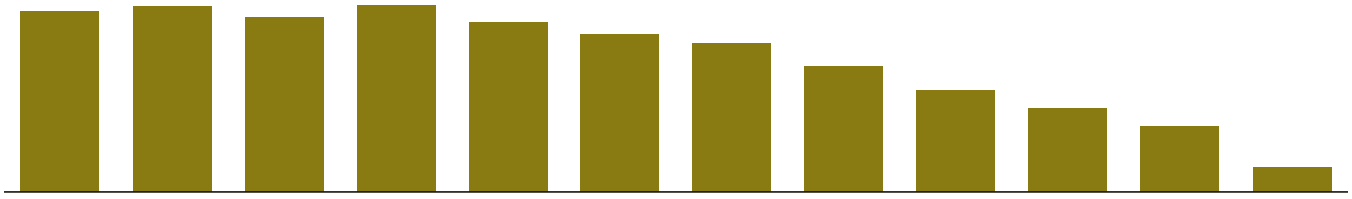

Account 8564-1663-9040
Period 1–31 March 2997
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
191,898,157 s	**+1,886,267 s**	**-14,562,915 s**	**179,221,509 s**

Date	Description	Amount (s)	Balance (s)
02 Mar	Transfer to own account: Kepler Ring	-14,339,945	177,558,212
	You send Odile Prendergast a small transfer on the 2nd of every month, with a note of a few words. The officers have stopped reading the notes but still file them. Ref. CIBT-2997-013E-6		
06 Mar	ATM withdrawal: Kepler Ring	-172,800	177,385,412
	The 2 Standard days you drew at Kepler Ring is an advance against Phobos Drydock's pay, authorised in writing by its payroll office and to be recovered from the next credit. Ref. CIBT-2997-10A2-1		
20 Mar	Payroll credit: Phobos Drydock	+1,294,582	178,679,994
	The amount is less than last month, since Phobos Drydock has moved part of its payroll to Kepler Ring, where it is paid in turns and converted on arrival. Ref. CIBT-2997-873A-6		
25 Mar	Lyric Licensing Desk	-47,770	178,632,224
	The fee reached the Desk 29 days late. It had been carried by a relay that stopped at a Rhyme Federation venue on the way, and the relay's log describes the stop as brief. Ref. CIBT-2997-D04A-2		
27 Mar	Slippage fee (Kepler Ring, 8 transfers)	-2,400	178,629,824
	The crossing to 8564-6771-1789 is made each quarter by the same route and attracts the same fee, 0.30 s, which the Bank has come to treat as a sort of tax on routine. The holder has never once disputed the word. Ref. CIBT-2997-75B7-8		
31 Mar	Interest at 3.70% APY	+591,685	179,221,509
	You once asked whether the interest would still be paid if the account were closed on the day it was earned. It would. The officer said so, then asked whether you intended to close it, and you said no, which was the first thing you had told the counter without being asked. Ref. CIBT-2997-C4A1-2		

Closing balance, month by month

Highest 229,174,213 s · lowest 179,221,509 s

April 2996 March 2997

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
