Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
13,162,894 s	**+2,188,638 s**	**-403,541 s**	**14,947,991 s**

Date	Description	Amount (s)	Balance (s)
01 May	ATM withdrawal: Singapore Sector	-172,800	12,990,094
	The auditors sampled this withdrawal at Singapore Sector. The cash in the machine agreed with its log to the note, and they have asked the machine to print the log with the receipt in future. It has declined, on the grounds that nobody reads logs. Ref. CIBT-3029-71B2-6		
07 May	ATM withdrawal: Singapore Sector	-172,800	12,817,294
	The cash-time machine at Singapore Sector pays out only in whole days, so the 0.959 left over stays in the account and appears on the next line as a credit. Nothing is owed on the remainder, which may be spent or left where it is. Ref. CIBT-3029-B15C-1		
15 May	Payroll credit: Montréal Sector Transit	+96,569	12,913,863
	The Teller who handled the Montréal Sector Transit parcel opened it at the counter, looked inside, closed it again, and said she had expected more. The wages were correct to the second. The parcel has been returned, as the employer asked. Ref. CIBT-3029-97CC-2		
20 May	Deposit: Hall E	+2,043,806	14,957,669
	You have paid in on the 20th of every month since the account was opened, and in all that time you have never once been early for the counter. The officers at Hall E have stopped remarking on it and simply keep the window free. Ref. CIBT-3029-A051-1		
22 May	Transfer to joint account	-57,941	14,899,728
	Every quarter one of you brings the joint statement in a folded envelope, and the other follows a few minutes later to check that the envelope is the right one. The officer has begun to look up when the second of you comes through the door. Ref. CIBT-3029-1535-2		
31 May	Interest at 4.40% APY	+48,263	14,947,991
	The auditors' sample has taken this line. The interest agrees with the posted rate, the days of the period and the balance on the day of the first posting, and no further check is needed. Ref. CIBT-3029-EAD1-7		

Closing balance, month by month

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
