Date	Description	Amount (s)	Balance (s)
04 May	ATM withdrawal: Nairobi Sector	-172,800	513,006,841
	On Mars the cash-time machine asks which day you mean before it will pay, since the sol and the Standard day seldom end together. Your 2 Standard days was paid on the second question, which the machine prefers. Ref. CIBT-2987-AEB9-5		
10 May	Slippage fee (Nairobi Sector, 5 transfers)	-1,500	513,005,341
	Two of your 5 transfers reached the relay in the same second and were charged once, which saved 300 seconds. The relay has asked to keep the saving for its own use, and the Bank has declined on the relay's behalf. Ref. CIBT-2987-BDFC-9		
12 May	Payroll credit: Harbourfront Shipping	+2,205,779	515,211,120
	The Harbourfront Shipping credit on this line is the last payment under a standing order set up in 2984. The order ends with the period, and the firm has asked to be told the day it does, so that it may not be surprised. Ref. CIBT-2987-882E-9		
23 May	Transfer to own account: Nairobi Sector	-30,549,815	484,661,305
	This item was posted twice on the 23rd: once at the counter and once at the night safe, which had not been told the envelope was already open. One of the two has been struck. You may keep the other, and the officer asks that you do not try to keep both. Ref. CIBT-2987-EDF2-5		
31 May	Interest at 4.00% APY	+1,710,598	486,371,903
	Interest at the Europa branch arrives through the ice-shaft relay in batches, so this month's credit came in three parts on the same day. The statement adds them up for you, and the officers have asked that you do not check the arithmetic by hand, since they already have. Ref. CIBT-2987-D1F0-3

June 2986 May 2987

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
