Period 1–31 August 2989
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
461,378,983 s	**+5,025,556 s**	**-434,100 s**	**465,970,439 s**

Date	Description	Amount (s)	Balance (s)
03 Aug	Payroll credit: Harbourfront Shipping	+2,205,779	463,584,762
	You have had your wages paid into 8564-1663-9735 and moved in full to 8564-9400-3135 the same afternoon, every month since 2986, leaving the first account at nil. An officer raised the question once. You answered it in a single word, and the officer has not raised it again. Ref. CIBT-2989-D456-7		
03 Aug	ATM withdrawal: Svalbard	-259,200	463,325,562
	The machine at Svalbard kept 3 Standard days for 50 minutes while the relay on the far side of the ice confirmed that the local clock had been set back. It had not been, and the withdrawal is dated to the minute you asked for it. Ref. CIBT-2989-4DD0-6		
15 Aug	Slippage fee (Svalbard, 7 transfers)	-2,100	463,323,462
	Your Harbourfront Shipping transfers crossed the Svalbard relay 7 times this month, each time on the employer's clock and then on ours. The employer has agreed to pay the slippage on its own clock, and has asked that the Bank not mention this to its staff. Ref. CIBT-2989-80DC-9		
18 Aug	ATM withdrawal: Svalbard	-172,800	463,150,662
	Harbourfront Shipping arranges for its staff's wages to be drawn at Svalbard on pay day, but your share goes out a day late, because your pay is credited when the firm finishes counting it. Ref. CIBT-2989-4C43-2		
25 Aug	Deposit: Hall E	+1,281,848	464,432,510
	You bring one coin more than the slip asks for, every time, and the officers have stopped trying to give it back. The coin is kept in a dish on the counter, which is nearly full, and the officers are discussing what it should be spent on. Ref. CIBT-2989-508D-5		
31 Aug	Interest at 4.00% APY	+1,537,929	465,970,439
	The depositor has asked the Bank three times in 2985 how interest is calculated, and has each time been given the same answer, which is in the terms. On the fourth occasion he was given the terms themselves. He has not asked since, and the terms have not been returned. Ref. CIBT-2989-AE1F-3

September 2988 August 2989

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
