Date	Description	Amount (s)	Balance (s)
07 Mar	Payroll credit: Harbourfront Shipping	+2,205,779	372,946,920
	You asked for the Harbourfront Shipping pay to be saved rather than spent, and the entry was placed under the heading for spending by mistake. The entry has been moved to the right heading, and nothing else has been touched. Ref. CIBT-2997-FDF4-9		
09 Mar	ATM withdrawal: Luna	-86,400	372,860,520
	You have never used the Luna machine on a wet day, though it is always open. The officers have noted the weather on your file, for the sake of completeness. Ref. CIBT-2997-34D5-3		
14 Mar	ATM withdrawal: Luna	-86,400	372,774,120
	On Mars the machine keeps the sol as well as the day, and your withdrawal was dated to the sol. The Bank has entered both, and the statement uses the one printed on the receipt, which is the Mars one. Ref. CIBT-2997-1DE1-4		
23 Mar	Slippage fee (Luna, 9 transfers)	-5,400	372,768,720
	You have crossed to Luna every 18 days since 2995, always in the same second of the local morning. The relay now holds your transfer for that second, and the fee for the wait is still the fee for the crossing. Ref. CIBT-2997-97CD-6		
28 Mar	Deposit: Hall E	+16,830,527	389,599,247
	The envelope came in after the depositor had checked the seal three times on the platform, and was counted at the window as though it had come straight from your hand. The slip was in order, and the figure in the margin agreed with the count, which is all the window asks. Ref. CIBT-2997-9B36-7		
31 Mar	Interest at 4.00% APY	+1,235,803	390,835,050
	Printed one line below its own figure, the 31st interest made the balance above it look as if it had grown by 0.950 of a second when the account was closed. The balance is right, and the line has been moved to where it belongs, under the sum it describes. Ref. CIBT-2997-0E91-2
