Date	Description	Amount (s)	Balance (s)
01 Jun	ATM withdrawal: Titan	-86,400	432,332,508
	The Teller counted the cash at the Hall E window, studied the machine's receipt for a while, and remarked that it was a handsome receipt for a machine. The sum is One Standard day, and the window and the receipt agree. Ref. CIBT-2997-E0F6-0		
04 Jun	Deposit: Hall E	+10,037,543	442,370,051
	A deposit of 10,037,543 arrived on the 4th from an account with no holder's name. It has been credited to your account, as the Bank has always done with money that arrives without a name, and the source has been filed. Ref. CIBT-2997-D16E-9		
10 Jun	ATM withdrawal: Titan	-172,800	442,197,251
	You use a staff card from Harbourfront Shipping at its canteen machine, which draws on your account and is charged to the Bank as a withdrawal. Harbourfront Shipping asks that its sums be shown as one line a week, so the figure on this statement is the week's total. Ref. CIBT-2997-484B-5		
29 Jun	Payroll credit: Harbourfront Shipping	+2,205,779	444,403,030
	Last month's Harbourfront Shipping credit was posted under the previous month's advice, because the remittance carried its date in the wrong place. The credit has been moved to the month it was earned, and the interest on it adjusted by 25 d 12:42:59. Ref. CIBT-2997-B627-4		
30 Jun	Interest at 4.00% APY	+1,441,396	445,844,426
	On the Titan side of the account the interest is computed on the local clock and carried across by relay, so the balance here is always a little younger than the one there. The Bank has been asked to age it, and has declined, on the grounds that interest does not age. Ref. CIBT-2997-859C-2
