Period 1–31 January 2999
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
532,986,384 s	**+3,982,400 s**	**-21,911,023 s**	**515,057,761 s**

Date	Description	Amount (s)	Balance (s)
05 Jan	ATM withdrawal: Montréal Sector	-259,200	532,727,184
	After the machine lost power in a storm, the withdrawal waited 29 days for the relay to reconcile what the machine remembered. It remembered the sum correctly once it was back on, and the relay agreed with it. Ref. CIBT-2999-F5FE-3		
21 Jan	ATM withdrawal: Montréal Sector	-172,800	532,554,384
	"The machine is always right," the Teller says, "which is why nobody thinks to thank it." She says this to everyone who draws from Montréal Sector, and has not yet been asked to stop. Ref. CIBT-2999-345B-3		
25 Jan	Slippage fee (Montréal Sector, 7 transfers)	-2,100	532,552,284
	The relay's clock was 28 seconds behind the Head Office's on the day of your crossing, which the relay has been asked to explain. It did not. The fee was charged on the difference, which was small, and the transfer arrived on time by the relay's clock, which is the only clock the transfer ever travelled by. Ref. CIBT-2999-46E0-4		
25 Jan	Transfer to own account: Montréal Sector	-21,476,923	511,075,361
	The sum is correct. The officer has added in pencil, beside the figure, that she would like it noted she did not enjoy raising it. Ref. CIBT-2999-464E-8		
29 Jan	Payroll credit: Harbourfront Shipping	+2,205,779	513,281,140
	A credit from Harbourfront Shipping, carrying the note "for the work done in the cold". The Teller has accepted the credit and asks whether the note is a clause in the contract or a remark from the foreman. She has not been able to find out and has decided to leave it where it is. Ref. CIBT-2999-06CF-0		
31 Jan	Interest at 4.00% APY	+1,776,621	515,057,761
	The interest posted for the 31st was reckoned on the balance at the start of the period and not the end, which made it 56 seconds too high. The overstatement has been removed, and the Bank has noted that the error was in its own favour. Ref. CIBT-2999-87C0-7		

Closing balance, month by month

Highest 586,761,832 s · lowest 515,057,761 s

February 2998 January 2999

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
