| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 04 Nov | ATM withdrawal: Phobos | -86,400 | 14,418,713 |
| | The Audit Committee asked whether it is possible to make 5 withdrawals in a single minute on the same machine. It is. The concourse at Phobos was empty at the time, and the machine is quick. Ref. CIBT-2989-5529-3 | | |
| 06 Nov | ATM withdrawal: Phobos | -172,800 | 14,245,913 |
| | You have never collected the change on a withdrawal at Phobos. The Bank asked whether you would like it posted to the account, and you said you would prefer the machine to keep it. The Teller has entered this as a standing instruction, which the machine has accepted without remark. Ref. CIBT-2989-54EE-3 | | |
| 08 Nov | Payroll credit: Kepler Ring Hydroponics | +123,465 | 14,369,378 |
| | You have left the Kepler Ring Hydroponics wage in the account for 30 days before drawing on it, every month since 2988. The Bank counts those days as a deposit of its own, and the interest on them has been paid into the same account. Ref. CIBT-2989-AFF9-2 | | |
| 13 Nov | Transfer to joint account | -74,079 | 14,295,299 |
| | The joint statement comes back to the counter each month with a single word written on the back, in two hands. The officer has read it and does not propose to repeat it. Ref. CIBT-2989-4DFD-8 | | |
| 29 Nov | Transfer to own account: Phobos | -96,178 | 14,199,121 |
| | A transfer to 8564-2001-5708 from Phobos arrived in sols and was converted at the posted rate on the day it landed, not the day it left. The sender's office asked which day the Bank meant, and the Bank has said the day it landed. Ref. CIBT-2989-D73D-2 | | |
| 30 Nov | Interest at 3.60% APY | +43,515 | 14,242,636 |
| | Interest is rounded at the close of each day rather than each second, which spares depositors a great many small figures. The effect on your balance this month was 61 seconds in your favour, and no one has complained. Ref. CIBT-2989-528B-5 | | |

## Closing balance, month by month

Highest 14,505,113 s · lowest 8,228,312 s

December 2988 November 2989

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
