Opening balance	Credits	Debits	Closing balance
13,755,987 s	**+295,165 s**	**-369,166 s**	**13,681,986 s**

Date	Description	Amount (s)	Balance (s)
03 Mar	Payroll credit: Kepler Ring Hydroponics	+123,465	13,879,452
	Kepler Ring Hydroponics moved its payroll from the Head Office to Kepler Ring in 2986. The wage is unchanged, but the credit now arrives under a department with a different floor number and the same chair. Ref. CIBT-2990-5681-4		
03 Mar	Deposit: Hall E	+130,433	14,009,885
	A fortnightly sum comes in from Ines Umberfield, with a note of a few words. This fortnight's note was the same length as the last, and the officer has stopped reading it aloud. Ref. CIBT-2990-1184-8		
05 Mar	ATM withdrawal: Kepler Ring	-172,800	13,837,085
	The 2 Standard days withdrawal on the 5th waited 28 Standard days at Kepler Ring while the custodian decided whether the machine had been asked for it by someone standing where you were standing. It had been, and the custodian agreed that you were the one who had been standing there. Ref. CIBT-2990-2232-3		
18 Mar	Transfer to joint account	-74,079	13,763,006
	The standing order is paid out through Kepler Ring, and the relay there records each share with its own local date. Neither holder has ever explained the difference to the other, and both have stopped trying. Ref. CIBT-2990-BC57-3		
26 Mar	Lyric Licensing Desk	-122,287	13,640,719
	A licence renewed at Hall E was held 30 days while the Desk waited for the performance to finish, since it does not license a verse that is still being sung. The performance finished on the 26th. Ref. CIBT-2990-CEA3-4		
31 Mar	Interest at 3.60% APY	+41,267	13,681,986
	At Kepler Ring the local office pays interest a day early on the strength of a forecast of the rate. The forecast has been right twice, and the Bank has noted it, and has paid the interest on the day it was owed, which was the day after. Ref. CIBT-2990-A0E8-0

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
