Period 1–31 March 2991
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
12,563,966 s	**+636,774 s**	**-355,156 s**	**12,845,584 s**

Date	Description	Amount (s)	Balance (s)
06 Mar	Slippage fee (L4 Habitat, 7 transfers)	-4,200	12,559,766
	Slippage on 7 crossings between Hall E and the L4 Habitat relay. The relay keeps a clock that runs a little apart from the Head Office's, and the difference is recorded in full on each transfer, so that you can see where your seconds went. Ref. CIBT-2991-F025-4		
08 Mar	Deposit: Hall E	+475,618	13,035,384
	A rounding difference of 36 seconds was found on this deposit when it was checked. It was credited in your favour, as the rule requires for any difference that runs the depositor's way; differences the other way are kept by the Bank, and there were none. Ref. CIBT-2991-E707-0		
13 Mar	Transfer to joint account	-74,079	12,961,305
	Ines Umberfield always asks, before the transfer is posted, whether the figure is the one you were expecting. You never are, and the Teller says the answer is always yes. Ref. CIBT-2991-26FB-3		
15 Mar	Lyric Licensing Desk	-104,077	12,857,228
	The renewal shown as expired on the 15th was not expired. The Desk had entered the wrong day as the last day of the window, and the licence has been restored to its proper date. Ref. CIBT-2991-3CEB-6		
16 Mar	Payroll credit: Kepler Ring Hydroponics	+123,465	12,980,693
	A payroll credit of 123,465 arrived at a weekend when the Bank was not open, and was kept in the night safe until the next working day. The night safe was asked afterwards how it had slept, and did not say. Ref. CIBT-2991-63DA-1		
20 Mar	ATM withdrawal: L4 Habitat	-172,800	12,807,893
	The withdrawal was made at L4 Habitat, where the local day had already turned over, so the machine logged it under tomorrow's date and this statement shows it under today's. Both dates are correct, and the difference is 50 hours long. Ref. CIBT-2991-F280-7		
31 Mar	Interest at 3.60% APY	+37,691	12,845,584
	The interest was credited a second early, on the strength of a clock at L4 Habitat that the local office has since admitted was running fast. The early second has been taken back, and the sum is correct to the second. Ref. CIBT-2991-9390-6		

Closing balance, month by month

April 2990 March 2991

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
