Date	Description	Amount (s)	Balance (s)
11 May	Transfer to own account: Luna	-514,765	16,262,351
	The sundry slip is the most accurate document the officer has seen on this account. She has never been asked to correct it, and mentions the fact because nobody else is in a position to. Ref. CIBT-2992-8170-2		
13 May	Slippage fee (Luna, 1 transfers)	-900	16,261,451
	Your transfers were routed through Luna because the direct relay is closed for maintenance. The Bank does not charge for the detour itself, though the extra seconds spent on the road are charged, and this month they came to 300. Ref. CIBT-2992-0A4B-5		
19 May	Payroll credit: Kepler Ring Hydroponics	+123,465	16,384,916
	You have asked three times for the wage to be paid into the joint account. The branch has written three times to say it is already in yours, and you have not contested the answer, which the branch records as agreement, though it would have liked a word. Ref. CIBT-2992-A92D-4		
21 May	ATM withdrawal: Luna	-172,800	16,212,116
	The Automated Temporal Machine at Luna is the only one on its world that pays in days rather than in coin. Depositors who use it write about it in the visitors' book, usually as though it were a privilege, and the branch has never corrected them. Ref. CIBT-2992-ABA4-2		
23 May	Transfer to joint account	-74,079	16,138,037
	The transfer to 8564-2788-9303 posted on the 23rd had been keyed from the previous month's slip, because the new one was filed under the holders' former surname. The slip has been moved to the right file, and the figure now agrees with the current mandate. Ref. CIBT-2992-72EF-8		
31 May	Interest at 3.60% APY	+50,331	16,188,368
	Each month you ask for the interest to be stated in the old form, though that form has not been used since 2991. The officer writes it out by hand, and it agrees with the printed figure to the second every time. Ref. CIBT-2992-FCC5-1
