Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
14,581,176 s	**+167,208 s**	**-922,176 s**	**13,826,208 s**

Date	Description	Amount (s)	Balance (s)
07 Oct	ATM withdrawal: Kepler Ring	-172,800	14,408,376
	The 2 Standard days was overtime, drawn in cash at Kepler Ring on a day Kepler Ring Hydroponics had marked as a holiday. The firm has since marked the day as a working one, and the machine has been asked to stand as witness. Ref. CIBT-2992-31EB-9		
16 Oct	Transfer to own account: Kepler Ring	-667,197	13,741,179
	Every quarter a sundry of 0.30 s is charged for the upkeep of a pencil tin kept at the counter in your name, and has been since 2989. Its pencils have been replaced 58 times, and each time the officer has asked whether you would like the old ones back. Ref. CIBT-2992-7341-1		
18 Oct	Payroll credit: Kepler Ring Hydroponics	+123,465	13,864,644
	Kepler Ring Hydroponics pays its wages on the 18th and its bonuses on whatever day its board is in good humour, which the Bank reads from the size of the credit. This month's bonus was 123,465, and the board's spirits are noted on file. Ref. CIBT-2992-7BA4-2		
25 Oct	Slippage fee (Kepler Ring, 9 transfers)	-8,100	13,856,544
	You bring the slip for each transfer to the counter yourself, folded very small. The Teller unfolds it, reads it, and returns it with the fee written in pencil, and you have never once asked to see it written in ink. Ref. CIBT-2992-32CD-0		
28 Oct	Transfer to joint account	-74,079	13,782,465
	At the counter, two people agree on the figure before it is written and disagree about it afterwards, and this is the only account where that happens. The figure has never changed, so the disagreement must be what the account is for. Ref. CIBT-2992-8409-7		
31 Oct	Interest at 3.60% APY	+43,743	13,826,208
	The Lagrange-4 window pays interest in the ring's own turns: each second is one turn, and the officers count the turns on a board by the door. The total agrees with Head Office, and so, the officers say, does the ring. Ref. CIBT-2992-0F00-8

November 2991 October 2992

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
