Date	Description	Amount (s)	Balance (s)
23 Mar	Transfer to joint account	-74,079	13,199,812
	Joint balances are split between the holders to the nearest second, and any odd second goes to whichever holder's name is first in the register. The Bank has not yet had to decide what first means on the other worlds. Ref. CIBT-2999-7F25-9		
28 Mar	Deposit: Hall E	+297,061	13,496,873
	A Callisto deposit comes in a sealed crate with the depositor's own tally written on the lid. The window reads the tally before it opens the crate, so that the sum is known before it is seen. Ref. CIBT-2999-C43C-8		
29 Mar	Lyric Licensing Desk	-79,682	13,417,191
	A verse of 8 lines is charged for the nearest multiple of ten lines, so the licence pays for lines the verse does not have. The Desk considers this a fair price for the room they take up. Ref. CIBT-2999-1D5A-6		
30 Mar	Payroll credit: Kepler Ring Hydroponics	+123,465	13,540,656
	The wage waited 29 days at The Belt while a second officer confirmed that the crew who earned it were the crew named on the contract. They were, and the Bank has been asked to say that it was glad to be asked. Ref. CIBT-2999-D234-2		
30 Mar	Slippage fee (The Belt, 5 transfers)	-1,500	13,539,156
	Your 5 transfers waited 31 Standard days at the Belt relay, which had decided to hold all crossings until its clock had been checked against a second clock. The second clock was found in a drawer, the transfers were released, and the fee is charged for the crossings and not for the drawer. Ref. CIBT-2999-AE2B-1		
31 Mar	Interest at 3.60% APY	+39,821	13,578,977
	The statement shows the interest rounded to the second, though it accrued to the tenth. Your account is credited with the figure shown, and the tenths are the Bank's, as they have always been. Ref. CIBT-2999-0DB9-0

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
