Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
10,437,846 s	**+1,429,611 s**	**-251,079 s**	**11,616,378 s**

Date	Description	Amount (s)	Balance (s)
08 May	Payroll credit: Kepler Ring Hydroponics	+123,465	10,561,311
	The Positive Contact officer at Nairobi Sector held Kepler Ring Hydroponics's wages in a suspense tray for 31 days, because the officer wished to be sure which of two clocks was counting. The officer now counts with both. Ref. CIBT-3001-2792-8		
18 May	ATM withdrawal: Nairobi Sector	-172,800	10,388,511
	Your withdrawal of 2 Standard days was made at the kiosk nearest the Nairobi Sector concourse. The machine has been cleaned since, and the custodian's record of its last service is available on request. Ref. CIBT-3001-4DBD-0		
19 May	Transfer to joint account	-74,079	10,314,432
	Each quarter 8564-2788-9303 receives 74,079 toward the rent of a boat at Nairobi Sector that you have not seen and Ines Umberfield has visited twice. The rent is paid on the first morning of the quarter, while the reading room was rehearsing a play about a bank nobody has yet built. Ref. CIBT-3001-F981-8		
28 May	Slippage fee (Nairobi Sector, 7 transfers)	-4,200	10,310,232
	The Mars leg shown on the last statement was a route that does not exist. The leg has been moved to the correct crossing and the fee restated. Ref. CIBT-3001-1B24-3		
29 May	Deposit: Hall E	+1,274,833	11,585,065
	The slip for this deposit was entered at Hall E twice, once from the counter and once from the copy the depositor kept, and both lines showed the same sum. The second line has been struck. The count on the slip is the one that stands. Ref. CIBT-3001-5186-8		
31 May	Interest at 3.60% APY	+31,313	11,616,378
	Interest on your pay sat in the account for 30 days at the Kepler Ring Hydroponics rate, because Kepler Ring Hydroponics pays its staff in arrears and the account was credited in advance. The arrears have since been paid. The interest earned in advance is yours, which is the one arrangement Kepler Ring Hydroponics has never wished to explain. Ref. CIBT-3001-89F0-7

June 3000 May 3001

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
