Period 1–31 December 3001
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
13,255,843 s	**+163,232 s**	**-881,699 s**	**12,537,376 s**

Date	Description	Amount (s)	Balance (s)
07 Dec	Slippage fee (Callisto, 9 transfers)	-5,400	13,250,443
	The auditors found a crossing of 9 transfers on the 7th recorded on the wrong side of the 30-day rollover, and it has been moved to the period in which the two clocks agreed to disagree. The total is unchanged. Ref. CIBT-3001-80F6-4		
12 Dec	Payroll credit: Kepler Ring Hydroponics	+123,465	13,373,908
	Kepler Ring Hydroponics adds a travel allowance of 16 seconds to each wage on the last working day, so the figure is always a little more than the figure you expected. The firm describes this as its way of saying good morning. Ref. CIBT-3001-D465-3		
17 Dec	Transfer to own account: Callisto	-715,820	12,658,088
	The transfer from Ines Umberfield was sent with a reference in cycles and a sum in seconds, and the clerk at Hall E asked for both to be the same. They were not. The sum has been posted as sent, and the reference has been left as it came. Ref. CIBT-3001-086C-1		
25 Dec	ATM withdrawal: Callisto	-86,400	12,571,688
	Your withdrawal of One Standard day at the Callisto machine was drawn on the account your employer pays into, at the employer's request, so that the wages are available on the day they arrive. Ref. CIBT-3001-94A3-1		
27 Dec	Transfer to joint account	-74,079	12,497,609
	The 27th credit was posted to 8564-2001-5708 in error and has been moved across to the joint account. The holders' names are unchanged, and the figure is the one agreed at the counter. Ref. CIBT-3001-C180-6		
31 Dec	Interest at 3.60% APY	+39,767	12,537,376
	No fee has been taken on this interest, which would normally be charged on a balance held for so long. The officer who waived it said the charge had gone out of fashion around the time the balance was opened. Ref. CIBT-3001-136D-8

January 3001 December 3001

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
