Soren Blackwood
Unit 208, Pallas Ring 10

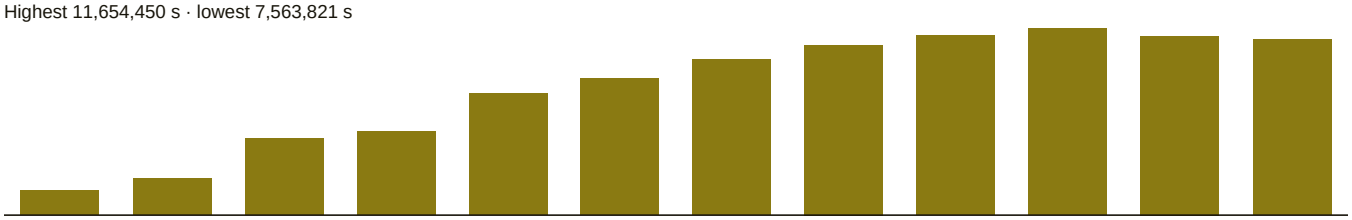

Account 8564-2001-5708
Period 1–31 January 3004
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
11,466,563 s	**+340,314 s**	**-425,979 s**	**11,380,898 s**

Date	Description	Amount (s)	Balance (s)
02 Jan	Deposit: Hall E	+305,915	11,772,478
	You walk the envelope from the car park at Hall E by the same two-minute loop, past the fern, as though you might have forgotten something on the way. You have never forgotten anything, and the loop has never once been shortened. Ref. CIBT-3004-4482-9		
08 Jan	Slippage fee (Montréal Sector, 7 transfers)	-6,300	11,766,178
	The quarterly crossing with Ines Umberfield shows 7 slippage charges, one for each quarter since 3002. The relay says its clock is not adjusted for the quarter, and it has never been asked to explain why. Ref. CIBT-3004-7733-1		
16 Jan	Transfer to joint account	-74,079	11,692,099
	Kepler Ring Hydroponics now sends its share of the joint transfer in its own envelope, with a line for each holder. The holders asked that the lines be kept apart, and the Bank has kept them apart. Ref. CIBT-3004-C72E-0		
18 Jan	ATM withdrawal: Montréal Sector	-172,800	11,519,299
	The duty officer at Montréal Sector has been asked whether the machine ever makes mistakes. He says it made one, which was to be early, and that he has not reported it because it was pleasant. Ref. CIBT-3004-B86A-0		
28 Jan	ATM withdrawal: Montréal Sector	-172,800	11,346,499
	You stand at the machine with your back to the queue until the receipt has printed. The officer has stopped asking you to step aside, and the queue at Montréal Sector has learned to wait. Ref. CIBT-3004-EC57-3		
31 Jan	Interest at 3.60% APY	+34,399	11,380,898
	The fraction of a second left over from the period's interest is not shown. The Bank keeps such fractions for the depositor as a matter of custom, and this one has been kept, with interest. Ref. CIBT-3004-0D4C-4		

Closing balance, month by month

Highest 11,654,450 s · lowest 7,563,821 s

February 3003 January 3004

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
