Unit 165, Pallas Ring 10

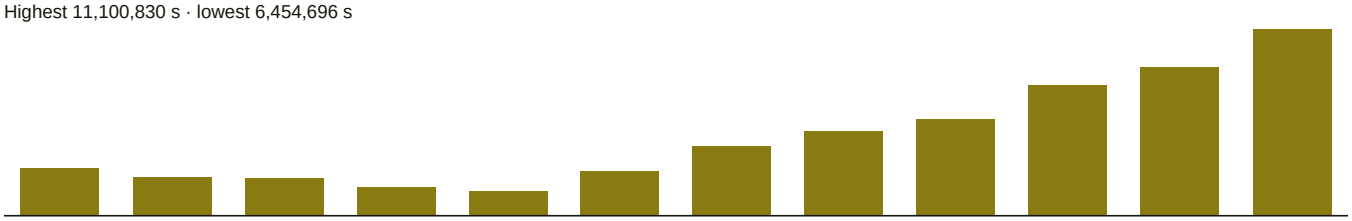

Account 8564-2001-5708
Period 1–31 July 3005
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
10,004,957 s	**+1,258,152 s**	**-162,279 s**	**11,100,830 s**

Date	Description	Amount (s)	Balance (s)
10 Jul	Payroll credit: Kepler Ring Hydroponics	+123,465	10,128,422
	A line on the last statement gave your Kepler Ring Hydroponics salary in days when it had been paid in seconds. The unit label was wrong and the sum was right, and the label has been changed. Ref. CIBT-3005-25E3-3		
10 Jul	Slippage fee (New Orleans Sector, 3 transfers)	-1,800	10,126,622
	The fee on your recurring crossings is 0.30 seconds each, and it has risen by a second every 29 days, since the relay drifts a little further each day it is left alone. The Bank can only set the relay when the relay asks to be set. Ref. CIBT-3005-3914-9		
23 Jul	ATM withdrawal: New Orleans Sector	-86,400	10,040,222
	The New Orleans Sector machine asked for a second signature, which you gave, and then asked for a third, which you did not. The man on the concourse says the third is optional and that most customers find it so. Ref. CIBT-3005-B1FC-2		
28 Jul	Transfer to joint account	-74,079	9,966,143
	No charge was made for the second signature on this transfer. The two holders signed it at one sitting, with one pen, which the Teller regards as a saving on pens and therefore a saving on everything else. Ref. CIBT-3005-D3F1-8		
28 Jul	Deposit: Hall E	+1,104,673	11,070,816
	Kepler Ring Hydroponics pays this deposit in on the last working day of the month, a habit it has kept since 3000. Its payroll office has asked that the slip carry the month's name in full, and it does. Ref. CIBT-3005-0D5B-5		
31 Jul	Interest at 3.60% APY	+30,014	11,100,830
	The line for this period should have appeared on the previous page. The entry has been moved; the amount was correct and is unchanged. Ref. CIBT-3005-2EC0-4		

Closing balance, month by month

Highest 11,100,830 s · lowest 6,454,696 s

August 3004 July 3005

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
