Period 1–28 February 3011
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
15,233,159 s	**+951,574 s**	**-160,479 s**	**16,024,254 s**

Date	Description	Amount (s)	Balance (s)
05 Feb	Transfer to joint account	-74,079	15,159,080
	The Tallinn Sector office gives each joint receipt a second date in the local script, which the Bank translates into Standard days and back again for the holders. No translation has yet been disputed. Ref. CIBT-3011-F472-4		
12 Feb	Payroll credit: Kepler Ring Hydroponics	+123,465	15,282,545
	The wage was rounded to the nearest whole second on the employee's own written instruction, which gave the reason as "it looks neater". The instruction is on file. It is the only one of its kind the auditors have seen. Ref. CIBT-3011-ADE7-4		
14 Feb	ATM withdrawal: Tallinn Sector	-86,400	15,196,145
	The sum of One Standard day at Tallinn Sector matches the withdrawal shown on the 14th last year to the note. The auditors have checked both, and the coincidence belongs to the machine, not the account. Ref. CIBT-3011-E218-1		
15 Feb	Deposit: Hall E	+782,410	15,978,555
	The envelope from the 15th was held inside a folder that has never been opened a second time until the counter had finished the coins, and the counter asks us to note that the coins were in the right order when they came out. Nothing had been mixed, and nothing needed to be put back. Ref. CIBT-3011-2560-2		
28 Feb	Interest at 3.60% APY	+45,699	16,024,254
	Interest is rounded to the nearest second at the close of the day, and the tenths are carried to the next period, where they have gathered into a sum the officer will not name. Ref. CIBT-3011-F964-0		

Closing balance, month by month

March 3010 February 3011

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
