Date	Description	Amount (s)	Balance (s)
09 Oct	ATM withdrawal: Callisto	-172,800	20,444,856
	A withdrawal from a joint account was shown against the wrong holder. The machine recorded your name, as it should, and the statement now shows Ines Umberfield as the other holder of the 2 Standard days taken for both. Ref. CIBT-3011-81D3-1		
15 Oct	Transfer to joint account	-74,079	20,370,777
	Kepler Ring Hydroponics's pay office sends the transfer with a covering note that says "both." The Bank has filed the note beside the mandate, as the only instruction in the file shorter than the account it concerns. Ref. CIBT-3011-7DB8-2		
20 Oct	Payroll credit: Kepler Ring Hydroponics	+123,465	20,494,242
	A correction to last month's credit from Kepler Ring Hydroponics. It was shown as received on the 20th, when it had arrived on the 20th of the month before, by the employer's clock. The earlier date has been removed and the sum left as it was. Ref. CIBT-3011-7021-9		
22 Oct	ATM withdrawal: Callisto	-86,400	20,407,842
	You return the receipt to the machine after reading it, with the printed side up, so that the next customer can see the balance. The machine has no use for the receipt, and the officer has asked you to stop. Ref. CIBT-3011-F419-5		
29 Oct	Deposit: Hall E	+286,662	20,694,504
	You bring your savings in coin each month and count them out in stacks of ten, which the window has come to regard as the true statement of your savings. The statement has never once disagreed with the piles. Ref. CIBT-3011-9D7B-3		
31 Oct	Interest at 3.60% APY	+61,852	20,756,356
	Your copy of this line came back with a clip that has outlasted the depositor's first envelope. The Bank does not issue clips for interest, and the officer has not been able to say whose this one is. Ref. CIBT-3011-C1FA-8
