Date	Description	Amount (s)	Balance (s)
01 Dec	Slippage fee (Nairobi Sector, 7 transfers)	-6,300	15,251,585
	The twelve-month average of the slippage on 8564-2001-5708 has been reviewed and found unchanged to the second. The auditors note that an average is a figure no single crossing has ever paid, and have asked for it to be entered anyway, under its own heading. Ref. CIBT-3014-8685-9		
07 Dec	Transfer to own account: Nairobi Sector	-267,368	14,984,217
	Nairobi Sector reports its sundries in its own days and sends them to us the day after, so this one was a day old when it reached the counter. The officers at Hall E have stopped remarking on it, though not on the sundry. Ref. CIBT-3014-0332-0		
13 Dec	ATM withdrawal: Nairobi Sector	-86,400	14,897,817
	You take the same sum from the machine at Nairobi Sector each time you pass through, and the machine has learned to offer it before you ask. The custodian records this as a courtesy from the machine, and has never found the setting that causes it. Ref. CIBT-3014-FDCF-5		
18 Dec	Transfer to joint account	-74,079	14,823,738
	The transfer was delayed 29 days because one holder had moved to Nairobi Sector and the other had not yet been told. The Bank wrote to tell her, and the transfer followed the letter at the speed of letters. Ref. CIBT-3014-4A4C-6		
25 Dec	Payroll credit: Kepler Ring Hydroponics	+123,465	14,947,203
	A standing salary credit from Kepler Ring Hydroponics to 8564-2001-5708 on the 25th of each month, set up when the firm had one office and one clock. It now has 12 offices, and none of them has been asked to move the date. Ref. CIBT-3014-1BAE-9		
31 Dec	Interest at 3.60% APY	+45,773	14,992,976
	The auditors asked why the interest for the 31st is one second higher than the sum of the daily figures. The answer is the leap second the Clock Standards Board added in 3012, which the daily figures did not carry. Ref. CIBT-3014-CE1C-2

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
