Standard Time Deposit

Soren Blackwood
Unit 199, Pallas Ring 10

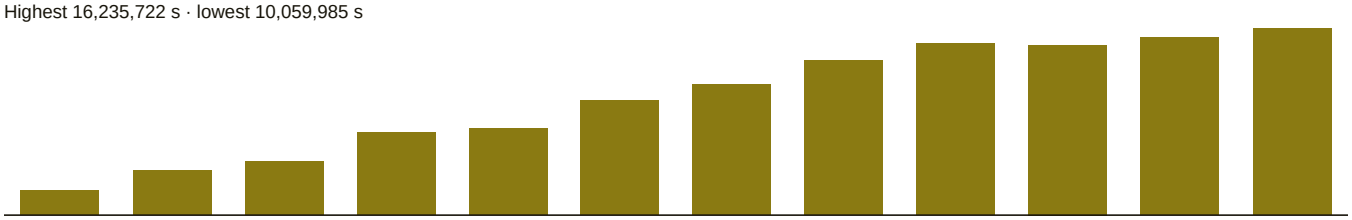

Account 8564-2001-5708
Period 1–31 December 3025
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
15,890,021 s	**+939,980 s**	**-594,279 s**	**16,235,722 s**

Date	Description	Amount (s)	Balance (s)
01 Dec	Deposit: Hall E	+892,310	16,782,331
	A deposit was keyed on the day the envelope was sealed and again on the day it was counted, so the same sum appeared twice in one week. The line was corrected without any change to the sum, and the sum is credited once, on the earlier date. Ref. CIBT-3025-2DB1-5		
04 Dec	ATM withdrawal: Luna	-259,200	16,523,131
	The Teller says it is only money you were already paid, and that it looks happier for being collected. Ref. CIBT-3025-33F3-5		
15 Dec	ATM withdrawal: Luna	-259,200	16,263,931
	No fee applies to a withdrawal made before the concourse wakes. At that hour the machine is, by the Bank's reckoning, mostly talking to itself, and it would be unkind to bill it. Ref. CIBT-3025-4EA1-7		
29 Dec	Transfer to joint account	-74,079	16,189,852
	The joint transfer is rounded to the whole second in the holders' favour on the way in and against them on the way out, so the account is always a second richer when the sum arrives than when it leaves. Both holders have asked that the second be given to the charity of their choice. Ref. CIBT-3025-F64F-8		
30 Dec	Slippage fee (Luna, 6 transfers)	-1,800	16,188,052
	Crossing 6 waited 28 days at the Callisto relay for a signature from Mara Juvonen, who was on leave on another world. The fee runs from the day the transfer left Hall E, not the day it reached the desk. Ref. CIBT-3025-9356-7		
31 Dec	Interest at 3.60% APY	+47,670	16,235,722
	The Teller says the interest is correct and then asks whether you intend to be pleased by it. You do, and she writes "pleased" in the corner, beside the figure, where there is room. Ref. CIBT-3025-8607-5

January 3025 December 3025

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
