Unit 66, Pallas Ring 10

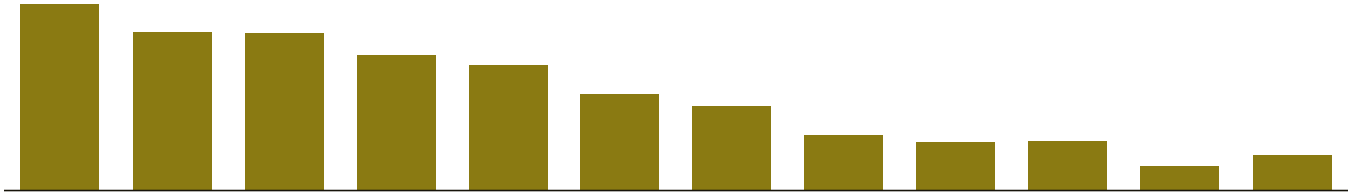

Account 8564-2001-5708
Period 1–30 November 3026
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
12,365,612 s	**+517,487 s**	**-247,179 s**	**12,635,920 s**

Date	Description	Amount (s)	Balance (s)
01 Nov	Transfer to joint account	-74,079	12,291,533
	The joint account is always the last to be paid on a wet morning, and both holders have brought an umbrella to the counter each time, one folded inside the other. Ref. CIBT-3026-7540-1		
06 Nov	ATM withdrawal: Oakland Sector	-86,400	12,205,133
	The withdrawal of One Standard day on the 6th was shown as made at the Hall E machine. It was made at the machine by the stairs, which has a different number on its plate, and the line has been changed to say so. Ref. CIBT-3026-365D-9		
09 Nov	Slippage fee (Oakland Sector, 1 transfers)	-300	12,204,833
	You have started sending a small transfer the moment the Oakland Sector relay opens, ahead of the day's larger crossings. The rest of the day then goes through more cheaply, and the officer on the counter has written this down as a sensible habit. Ref. CIBT-3026-7D5C-6		
13 Nov	ATM withdrawal: Oakland Sector	-86,400	12,118,433
	Withdrawn at Oakland Sector and rounded to the nearest day in your favour. The Bank's rounding has gone your way before, and each time the statement says so in the same line, which nobody has thought to change. Ref. CIBT-3026-6484-7		
14 Nov	Deposit: Hall E	+480,391	12,598,824
	The slip for this deposit showed the sum in days and the envelope held the same sum in seconds. The counter has taken the envelope, since it was the one that could be counted. Ref. CIBT-3026-30D9-7		
30 Nov	Interest at 3.60% APY	+37,096	12,635,920
	Your account accrued interest on Oakland Sector, a branch whose posted rate is quoted in the local day and converted at the Head Office rate on the day of posting. The conversion has been checked and is correct to the second. Ref. CIBT-3026-B164-4		

Closing balance, month by month

December 3025 November 3026

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
