Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
16,982,855 s	**+869,136 s**	**-160,479 s**	**17,691,512 s**

Date	Description	Amount (s)	Balance (s)
19 Jul	ATM withdrawal: Oakland Sector	-86,400	16,896,455
	The auditors matched this withdrawal against the machine's own log, the relay's and the branch's, and found all three recording the same 26 seconds of delay. They asked for the three to be kept together, and they now are. Ref. CIBT-3027-18DA-2		
24 Jul	Transfer to joint account	-74,079	16,822,376
	A quarterly sum goes from the joint account to 8564-2788-9303 toward a weekly bulletin of the Federation's round results, which Ines Umberfield reads and you do not. The subscription is paid from the account, which regards both of you as readers. Ref. CIBT-3027-C221-0		
29 Jul	Deposit: Hall E	+818,188	17,640,564
	The sum on the slip was rounded up, since the figures were in ink, and rounded down, since the envelope was in pencil. The officers have split the difference, and the figure shown, 818,188, is the result. Ref. CIBT-3027-FB67-9		
31 Jul	Interest at 3.60% APY	+50,948	17,691,512
	Ada Voss says interest is paid for patience and not for performance, and that a statement of it is therefore a form of thanks. The thanks is itemised to the second. Ref. CIBT-3027-0CED-6

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
