Date	Description	Amount (s)	Balance (s)
01 Jan	Slippage fee (London Sector, 8 transfers)	-7,200	15,556,462
	A cart ran over the cable that carries the London Sector signal on the 1st, and the transfers waited 29 days for the splice. The splice was done neatly enough to be missed, which the Bank records as a courtesy to the cable. Ref. CIBT-3029-9F6B-3		
01 Jan	Transfer to joint account	-74,079	15,482,383
	The 8564-2788-9303 share came from Kepler Ring Hydroponics a day ahead of the usual date, with a covering note in the employer's own hand that reads only "for the pair of you". The note has been filed with the mandate. Ref. CIBT-3029-47AC-5		
02 Jan	Payroll credit: Kepler Ring Hydroponics	+123,465	15,605,848
	The employer's office at London Sector sent this month's wages with a note asking the Bank to confirm that the figure includes its own holiday. It does. Kepler Ring Hydroponics has paid that holiday every year since before the holiday was agreed, which the Bank counts in the employer's favour. Ref. CIBT-3029-C286-3		
06 Jan	Deposit: Hall E	+353,357	15,959,205
	Clearing on this cheque is waived. It was drawn on a counter that has since dropped out of the directory, and the Bank does not hold a depositor responsible for the directory's losses, which are many. Ref. CIBT-3029-B758-6		
31 Jan	Interest at 3.60% APY	+46,690	16,005,895
	Interest is rounded at the close of each day rather than each second, which spares depositors a great many small figures. The effect on your balance this month was 52 seconds in your favour, and no one has complained. Ref. CIBT-3029-2BCB-5

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
